REPORT ENCOURAGING

There Were Showers at New Orleans Tuesday.

TRIP OF PRESIDENT.

Governor Blanchard Telephones the Mayor His Concurrence In the Action That Has Been Taken by Latter.

New Orleans, Sept. 20.—The daily report continues encouraging and is especially so in the matter of the deaths and new foci. Of the new cases only six are above Canal street, while the deaths are all below Canal.

Two men who were in the Avondale detention camp, Jean Bonsegou and Archie Murray, were stricken with the fever early Tuesday and were immediately brought to the city and taken to the emergency hospital. They came from the Orleans hotel, a small hotel in the center of the district.

Followed was fever record up to 6 o'clock Tuesday evening: New cases, 345; total, 2,639; deaths, 4; total 321; new foci, 6; under treatment, 321; cases discharged, 1,973.

Country reports were: Kenner, three new cases, one death.

Alexandria, two new cases.

Harvey's Canal, one new case.

Amelia, four new cases.

Bayou Rouse, three new cases.

Bayou Bouef, one new case.

St. Rose, one new case.

Grand Isle, one new case.

There are now only sixteen persons sick at Leeville and one death occurred Monday.

St. Bernard parish, two new cases.

Bayou Natchez, four new cases, one death.

Tallulah, six new cases, one death.

Patterson, six new cases, two deaths.

Houma, two cases.

Governor Blanchard telephoned to Mayor Behrman his concurrence in the action taken by the citizens' committee in asking the president to come here on Oct. 24. The governor said he would be present to assist in the reception. The president's party goes from here to Arkansas, traveling over the Texas and Pacific and Iron Mountain roads through the whole length of the state. All Louisiana towns will, if necessary, abate their quarantine regulations so that they may welcome the president on his trip.

Up to noon Wednesday there were thirty-three new yellow fever cases and four deaths.

INSPECTION INVITED.

Health Officer Requested to Visit Cincinnati and See For Himself.

Cincinnati, Sept. 20.—Health officer of Detroit, who ordered a sort of quarantine against this city on account of yellow fever sufferers and refugees being welcomed, has been invited to visit Cincinnati and make a personal inspection of the situation and conditions.

The meeting of the Southern Cypress Manufacturers' association, scheduled here for October 11, has been postponed until Nov. 22, when it is expected all quarantines will have lifted.

Up to noon Wednesday there were thirty-three new yellow fever cases and four deaths.

MISSISSIPPI SUMMARY.

Jackson, Sept. 20.—The Mississippi yellow fever summary for Tuesday is as follows: Natchez, two new cases, one new focus; Gulfport, one new case; Mississippi City, two new cases; Vicksburg, six new cases, no deaths; total to date, forty-one.

WAS WELL KNOWN.

Deceased Printer Was a College Graduate and a Scholar.

Shawnee, Okla., Sept. 20.—Two months ago a printer named Pierre C. Oglesby died here and was buried by the local union. It has since developed that Oglesby was a graduate of Mercer university and had been offered chairs in various large institutions of learning. Before the Spanish-American war he was editor of a paper at Key West and went to Cuba to investigate condition, where he was arrested as a spy, court-martialed and sentenced to be shot. The United States government obtained his release. Oglesby was about forty years old.

STANFIELD CHOSEN.

United States Attorney for Northern District Indian Territory.

Washington, Sept. 20.—Wade S. Stanfield has been appointed United States district attorney for the Northern district of Indian Territory in place of H. L. Soper, resigned. Mr. Stanfield is a graduate of the University of Michigan and has practiced law in Indian Territory eleven years, during three years of which he held the position of United States commissioner.

Cherokee Final Council.

Tahlequah, I. T., Sept. 20.—The Cherokee National council convened Tuesday in final session, the last to be held before the dissolution of the tribal government next March. An informal vote taken by the council unanimously favored separate statehood for Indian Territory.

YOUTH SLAYS ANOTHER.

Little Rock, Sept. 20.—A special to the Gazette from Des Arc says fifteen miles west of there Robert Long, eighteen years old, killed Harrison Jones, sixteen. They fought with knives.

Jones' jugular vein was severed.

STILL CONTINUES.

Deepest Interest is Displayed in the Work of Bacteriologists.

New Orleans, Sept. 20.—Investigations with a view of the discovery of germ of yellow fever still continue at the emergency hospital and the deepest interest is displayed by the medical fraternity in the work of local bacteriologists and Dr. Rosenau. Within the past week eight autopsies have been held at the hospital in connection with investigations, the results of which are to be published when the fever is over.

Generally the fever situation is regarded as encouraging, both in country and in city. In the country there are a large number of cases, but now experienced yellow fever fighters are in charge of each point of infection and fatalities are few. The fever is practically wiped out at Leeville, where it was worse than at any point in the state. Nearly everybody who remained in town has been sick.

People at Kentwood, La., are in great distress and appealing for relief. Owing to the discovery of two cases in the lumber camp near there Governor Vardaman and the Mississippi authorities will not permit a train to enter Mississippi if they stop at Kentwood. Trains, therefore, are not stopping there and the people are suffering for mail, express, matter and supplies. Appeals have been made to Governor Blanchard and the railroad commission.

Dr. Chassaignac wires from Tallulah that many cases are being discharged as cured. Sickness there is more general among negroes than among whites now. All Tuesday's cases were negroes.

Baton Rouge has been able to secure the relief she asked for. The quarantine imposed by the parish has been removed. Planters now will be able to save their crops, which are suffering for want of labor.

The steamer Hayne, which left here some days ago, was refused permission to land at settlements on Ouachita river in Concordia parish, Health Officer Reeves, fearing roustabouts might get ashore and spread the fever. Concordia has not accepted the mosquito theory.

The meeting of the Southern Cypress Manufacturers' association, scheduled here for October 11, has been postponed until Nov. 22, when it is expected all quarantines will have been lifted.

Up to noon Wednesday there were thirty-three new yellow fever cases and four deaths.

INSPECTION INVITED.

Health Officer Requested to Visit Cincinnati and See For Himself.

Cincinnati, Sept. 20.—Health officer of Detroit, who ordered a sort of quarantine against this city on account of yellow fever sufferers and refugees being welcomed, has been invited to visit Cincinnati and make a personal inspection of the situation and conditions.

The board of health of this city ordered that every person coming into Cincinnati from localities where yellow fever exists and remaining here will be required to file with the health officer or assistant examining physician his or her name, residence and address in this city and report daily to the health officer until he shall deliver to the visitor a certificate that he is not infected with yellow fever.

CONFIRMS FEVER REPORT.

Shreveport, Sept. 20.—The most interesting development in the yellow fever situation Wednesday was the return of Dr. R. A. Gray, sent as an expert from Shreveport to look into the situation in Natchitoches parish. Dr. Gray confirms the reported fever cases there and recommends extra precautions against infection in that parish.

ALL AT ALBANY.

EMPLOYING PRINTERS SIGN EIGHT-HOUR AGREEMENT AND MEN AT WORK.

Albany, N. Y., Sept. 20.—After a week's duration the strike of union printers here for an eight-hour day ended with the yielding of all employing printers. All have signed the agreement, which takes effect Jan. 1, and printers have returned to work.

INJUNCTION GRANTED.

Springfield, O., Sept. 20.—An injunction was granted to Cromwell Publishing company here to prevent union printers stopping strike breakers as they entered the company's plant. More than fifty strike breakers have been caught by pickets and put on trains for other cities. The company now has two out of half a hundred men at work.

THROAT CUT AND STABBED.

Denison, Sept. 20.—Bob Cummings had his throat cut and is stabbed in several places. His condition is critical. Nathan Haley was arrested.

Athletics will be prominent as usual in the school, and the fact that the Academy at present holds the state championship and expects to continue to hold it, together with the splendid material for a team in the student body, adds immensely to the interest of both pupils and teachers in the athletic program, which will have the same earnest, business-like attention as the work of the study hall and class rooms.

Reno, Nev., Sept. 20.—George Wardman was killed and number of other persons injured as the result of a head-on collision between two freight trains, followed by the rear end collision between two passenger trains at a point nine miles west of Beowawa. The wreck, from the reports given out, was caused by one of the engineers on the freight trains running past his orders. The convention was called to order by Franklin Edwards, chairman of the city committee of the party. In opening convention City Chairman Edwards said in part:

STARVING IN BRYAN.

Men and Women Who are in Need—

E. J. Jenkins' Liberal Offer.

There are scores of people in Bryan and vicinity who are starving in the midst of plenty. This is not because they are in need of food, but because they cannot digest the food they eat.

Our leading druggist, E. J. Jenkins, makes a liberal offer to all whose stomach is weak and cannot properly digest the food. He has recently received a large supply of Mi-o-na, a remedy for the cure of stomach troubles, and will sell it under an absolute guarantee that it costs nothing unless it cures.

Mi-o-na is an unusual combination of remedies for the stomach and digestive organs that heretofore have been little known in this country. It soothes and heals the irritated mucous membrane of the stomach, stimulates the solar plexus, and strengthens the nervous system.

One little tablet out of a 50 cent box of Mi-o-na before meals, and you can eat what you like and when you like. You will have no more headaches, backaches, heartburn, or indigestion. Mi-o-na will give you perfect health and strength.

Get a box of the tablets today, with E. J. Jenkins' guarantee to refund the money if they do not cure.

Mr. and Mrs. Robert Emmel of Matagorda are guests of Mrs. H. Rohde.

Miss Marie Adams left yesterday to visit in Dallas and Denton.

Well Known Painter and Labor Leader Shot to Death.

Dallas, Sept. 20.—F. W. Habel, a painter and well known labor leader, was shot to death Tuesday night. Charles Carroll surrendered. He refuses to make any statement.

The wound, which caused Habel's death, was inflicted by a thirty-eight caliber pistol ball, which entered the throat just beneath the chin and ranged downward, lodging in the body. Death resulted within five minutes, the injured man uttering no word after being shot.

Habel was in his back yard raking the ground to plant a turnip patch and Carroll was in his back yard adjoining when the shooting occurred. The two men had some words over a dispute between the families, but neighbors who had witnessed the dispute thought that the difficulty had blown over and had turned away. Mrs. Habel is believed to have been the only eyewitness to the shooting and she was too much prostrated to make any statement.

Habel leaves a widow and six children, the youngest being a year old. Carroll for a number of years has been engaged in the restaurant business near the union depot.

It is not known where the stranger was from and there is no clew to his identity.

PRESIDENT ON STAND.

Head of New York Life Insurance Company a Witness.

New York, Sept. 20.—John A. McCall, president of the New York Life Insurance company, was a witness before the legislative insurance investigating committee Wednesday. District Attorney Jerome was an interested spectator of the proceedings for the first time. He said he expected to make a public statement on the subject of the investigation in a few days.

President McCall, after being sworn, said he had been controller of the Equitable before becoming president of the New York Life Insurance company and previously had been superintendent of insurance at Albany. He said it was true he had drawn checks on the New York Life Insurance company on account without approval of the finance committee. He said this was an almost daily occurrence. He knew Andrew Hamilton for ten years. Hamilton was not a relative of his, he added. Mr. McCall said he himself was sole judge of what checks were to be drawn without authorization.

Taking up \$100,000 in checks sent to Albany, Mr. McCall said he gave them to Hamilton. He said that in 1903 the company determined to buy a block in the rear of the home office in this city. He sent for a real estate agent to take up the subject quietly. The New York Life Insurance company was not to be known in the transaction. In December, 1903, the real estate man reported he thought the block could be procured for \$1,100,000 and 15 per cent of this should be available quickly. "I told him," said Mr. McCall, "that I would put him in touch with Judge Hamilton, and pursuant to that I ordered two checks in question drawn. The vouchers show what they were drawn for." He procured the vouchers and identified them. One was a controller's warrant and the other Mr. Hamilton's receipt. The words "for temporary use," on one of the vouchers, Mr. McCall said, meant the money was to be used for the purpose directed and reported back to the board. He said the \$100,000 had been accounted for by Mr. Hamilton.

After more than an hour's questioning Mr. Hughes brought out that Hamilton rendered no account of moneys to the New York Life Insurance company and was not subject to audit. Mr. McCall, replying to Hughes, said Hamilton attended the state legislature in the interest of the company. He said money furnished Mr. Hamilton was for regular expenses. Mr. McCall received no vouchers therefor, and never had.

Mr. McCall said Hamilton had been paid about \$235,000.

POLLARD RETURNS.

Declines to Make Public the Text of Agreement Made.

Austin, Sept. 20.—Assistant General Pollard has returned from Beaumont, where an agreement was reached with oil companies which enjoined state officials from collecting tax under the Kennedy act. The assistant attorney general at this time declines to make public the text of the agreement from Beaumont regarding the agreement reached was incorrect. He said the oil companies agreed to pay a tax of 1 per cent on all provisions of the bill except section 9, which seeks to tax them as wholesale dealers. They will have to pay the tax as producers, refiners and pipe line companies. A test case is to be made of section 9. All injunction suits are to be dismissed, six having been dismissed—the Gulf Refining company, J. M. Guffey Petroleum company, Lone Acre Oil company, National Oil and Pipe Line company, Heywood Oil company and Parafine Oil company.

TROUBLE AGAIN.

Friction Between Carroll and Board of Directors About to Be Revived.

Fort Worth, Sept. 20.—The old trouble occasioned by the friction between the Carroll and board factions of the Baptist church is about to be revived at Handley. As a result of the disputes the Second Baptist church was organized there a few days ago with Elder Johnson at the head. Members of the new church left the First or old Missionary church. The immediate trouble was over the fact that the Missionary church would not subscribe to either convention or association, but left its members free to contribute to either.

Tuesday night Rev. Dr. Gambrell of Dallas visited Handley and assisted in the organization of the new church. The First church claims the organization of the new church is not legal from the fact that none of the members who withdrew had been given letters of withdrawal.
